

ONE VOUCHER FOR

A GREAT DAY :)

small print:

Restrictions on use: none. To be used on any day of the holder's choosing (because it's always a choice to have a great day)
Monetary value is unlimited (but you have to make it yourself). This 'great day' voucher cannot be changed for any other type of day. There is no expiration date but what are you waiting for? You may use this voucher no more than 365 days per year (except in a leap year when you may use it one day longer)

even smaller print:

This had been given to you to make you smile. I know it's a bit cheesy but every now and then we all need a nudge to remember that great days are choices.

This voucher was originally produced by aileen bennett and can be freely given and copied without permission.
